

## Thermo-Hygrometer with Clock HTC-8

*Humidity & temperature level plays an essential role in a comfortable and hygienic environment. This multi-function meter offers 4 functions in 1 product, indoor temperature, outdoor temperature, hygrometer and a clock with alarm function. Measured temperature can be displayed in either °F or °C while measured humidity measured result is displayed in %RH.*

*With the stand and mounting hole at the back, you can either place on top of your desk or cabinet or hang it on your wall. Ideal for household, office, school, factory and hospital use.*

### Feature

- \* High quality
- \* Displays Temperature, Humidity and Time simultaneously
- \* Large LCD display allows for easy reading
- \* 12 or 24 hour display system
- \* °C / °F unit selectable
- \* Clock & Clock Alarm function
- \* High stability & accuracy
- \* Convenient wall mount and desktop design
- \* Low power consumption
- \* Conforms with CE Certification Standards
- \* Complete with independent waterproof temperature sensor length 3m

## Spesification

- \* Temperature:
  - Range(indoor): -10 ~ 50°C (14 ~ 122°F)
  - Range(ourdoor): -50~70°C (-58~ 158°F)
- \* Accuracy:  $\pm 1^{\circ}\text{C}$  (1.8°F)
- \* Resolution: 0.1°C/°F
- \* Humidity:
  - Range: 20~99% RH
- \* Accuracy:  $\pm 5\%$  RH
- \* Resolution: 1% RH
- \* With clock & ALARM function
- \* °C/°F selection
- \* Independent waterproof temperature sensor with length 9.6ft(3m)
- \* Recording Max/Min temperature & Humidity value automatically
- \* With back stand & hanging hole
- \* Power supply: 1x1.5V(AAA battery)
