

Portable Hardness Tester TH190

Feature

- Conversion among seven hardness scales: HL, HRA, HRB, HRC, HB, HV, HS
- With battery indication
- with software calibration
- Aluminium alloy shell small fine appearance
- Memory up to 99 measuring value auto shut down when the battery is empty

Spesification

Hardness Scale	HL, HRA, HRB, HRC, HB, HV, HS
Memory	99 Readings
Measuring range	170~960HLD
Tolerance	± 6 HLD (when=760)
standart impact device	_D impact device
min surface roughnes of work piece	1.6(Ra)
min. workpiece thickness	5mm
min. workpiece Weight	0.05 kg
min. workpiece hardness layers	0.8 mm
Power	Recharge LI battery
Operating Temperature	0~40°C
Humidity	90%
Interface	USB 2.0
Overall Dimensions	154x43x26
Weight	150 g
