

Wire Terminal Tester | WTT-FGS

Product features

- Capacity: 110 lbs (50 kg)
- Stroke: 5.9" (150 mm)
- Travel Rate: 3 mm/wheel turn (approximately)
- Weight: approx. 33 lb (15 kg)
- Warranty: 1 year
- Includes / FGV-100XY Force Gauge / FGS-100H Test Stand / FG-M6WTER100 Terminal Grip
- Versatile bottom mounting plate accepts standard and custom-made attachments
- Precision gear movements
- Sturdy, all steel construction
- Constant Linear Motion

Product description

The WTT-FGS Wire Terminal Tester, Range: 0-110 lbs / 0-50 Kg / 0-500N is designed specifically to test the strength of wire/terminal connections. The upper grip consists of a self-aligning wheel with nine equally spaced slots of various terminal shank sizes; an eccentrically mounted, self-tightening bottom grip secures the wire on the other end. It is ideal for obtaining accurate, consistent results up to 110lbs. The WTT-FGS system is an easy to solution suitable for a vast majority of terminal testing applications.
